DESCRIPTION:

Wired Records presents:

Fantasma! EP

In his first official release Noisy Pig puts together an electronic mix of power pop, catchy melodies, lo-fi & dance punk.

"Fantasma!" is a no sense circus for slazy ghosts play, magic pandas, fried brains and chubbie fairies.

The r'n'r guitar riff in "Macic Pee" is played by Brezel Göring aka Stereototal. "...it's so magic, don't you wanna try?"

NOISY PIG is a one-pig/man-band. Also known by his real name Bernardo Santarelli.

In the cold winter of 2004 Bernardo moved to Berlin to find his way to combine weird pop, dance beats, punk drumming, toy sound, cheesy hip hop and catchy lyrics.

The Noisy Pig project started in the spring of 2005, in this short time NP has performed several shows sharing stages with: Hawney Troof, Deerhoof, The Blow, Eats Tapes, Spider and The Webs (ex Bikini Kill), Erase Errata, Brezel Göring (Stereo Total), Miss Le Bomb.

Noisy Pig's live show is a funny electro-arty-cut 'n' paste queer-dance-cabaret which he has performed at several international events, like: Queer Festivals in Copenhagen, Aalborg, Berlin and Liepzig, The Accademy of Fine Arts (Linz), Club Motherfucker (London), TTPT (London).

Noisy Pig is the resident dj, organizer and founder of Poopsy Club in Berlin.

Camille, WR.
